

ERASMUS MUNDUS - “EUROPE AND LATIN AMERICA SUSTAINABLE INNOVATION AND KNOWLEDGE ACADEMIC NETWORK” (EUROINKA)

Second cohort

Results/Resultados

The Coordination of the Erasmus Mundus “Europe and Latin America Sustainable Innovation and Knowledge Academic Network” (*EuroInkaNet*) project has now considered all the applications for its first Cohort of Grants. The call for applications was closed on 7 February 2016.

The *Euroinkanet* consortium received **1084 applications, out of which 1018 from Latin America and 66** from the European Union were validated by the home institutions and considered eligible.

In the evaluation of the above applications, the Selection Committee followed the selection criteria established by the European Commission in the framework of the Erasmus Mundus Programme; the project objectives set of criteria together and the selection process approved by the Selection Committee meeting, held on 31st March and 1st April 2016 in Manchester, UK. (See Annex 1)

The Coordination of the *EuroInkaNet* Erasmus Mundus Project is pleased to announce the final lists of **Selected, Reserve and Rejected** candidates as following:

La coordinación del proyecto Erasmus Mundus “Europe and Latin America Sustainable Innovation and Knowledge Academic Network” (*EuroInkaNet*) ha considerado y evaluado todas las solicitudes para su Primer Cohorte de becas. La Convocatoria para candidaturas ha cerrado el 07 Febrero 2016.

El consorcio recibió un total de **1084 solicitudes, de las cuales, 1018 desde América Latina y 66** desde la Unión Europea, fueron validadas por las intuiciones de origen y consideradas elegibles.

Annex 1

The selection process included the following stages:

1. **Validation of applications:**

Carried out by the home institutions (for TG1 applicants); by the coordinating and co-coordinating institution (for TG2 candidates, i.e., candidates belonging to non-partner institutions); and by the co-coordinating and co-coordinating institution (for TG3 applicants). The invalid applications were immediately eliminated from the selection process, having not fulfilled the requirements established by the EACEA, the project or by the home institutions (TG1 applicants).

2. **Evaluation and ranking of the validated applications only:**

This was carried out by the **host** institutions, where all the aspects of the application were taken into consideration: quality of the academic record, date in which the applicant concluded his/her degree at the home institution, veracity of the provided information and of the submitted documents (including the documents which prove the personal identification of the applicant), presented motivation, priority areas for the partner institutions and for the Latin American countries, necessity of reaching the gender balance, maintenance of the applications' quality, etc.

3. **Final selection:**

This was conducted by the Selection Committee of the EuroInkaNet Project. Members of this panel were nominated by all the partner institutions of the Consortium and represented an agreed balance between the European and Latin American countries members of the Consortium. This Committee met at Manchester Metropolitan University Business School on the 31st March and 1st April 2016 with the remit of creating a final selection proposal of the applicants. The Committee considered, in the vast majority of the cases, applications accepted by the partner institutions which received a grade equal or higher than 80%, (Pre-selected) assigned by one of the chosen host institutions (First Option) . Having as its basis the academic merit and the motivation of each applicant, the final selection process intended to reach the following aims:

- a. adherence to the mobility distribution approved by the European Commission;
- b. priority was given to candidates who presented mobility proposals in the study areas identified by the Latin American countries as being an absolute priority;

- c. balance among partner institutions regarding the number of mobility flows (*incoming and outgoing*);
- d. gender balance (whenever candidates presented equivalent quality, priority would be given to the feminine candidate).

4. **Final analysis and approval**

After the Selection Committee meeting, the coordinating institution sent to all partners (Latin America and Europe) the lists of selected candidates for final analysis, comments and approval. This process of verification and confirmation of the selected mobilities took some time to be fully concluded. Therefore, it is only now that all the necessary conditions have been completed, that we are in the position to reveal the results of this process.

Annex 2

Applications on the reserve list can only be selected if a selected applicant from the main list drop out.

Also, please note that in line with European Commission rules and the decision of the Selection Panel, the Reserve list is not ranked. In other words, there is not ranking available for the Reserve list.

In case of withdrawal of a selected candidate, reserve list candidates will be selected according to the following criteria in order of priority, wherever possible:

1. Candidates with the same home and host university in order of grade, taking into consideration the field of studies wherever possible;
2. Candidates with either the same host or home university in order of grade, depending on the overall distribution of candidates across partners;
3. Best candidate in order of grade, irrespective of home and host if none of the two is available, in the same field of studies, wherever possible.

In the event of a withdrawal of a selected candidate, you will be duly and timely notified (via email) by the Project's coordination team.
